EMS Agency Community Internship Program

Victor Farmington Ambulance is excited to announce a new opportunity for members of our community! This summer we are introducing a NYS DOH Pilot Program called the “EMS Agency Community Internship Program”. This program is approximately 11 hours long and is designed to give community members without experience in EMS an introduction to Victor Farmington Ambulance and EMS as a career path. Community members who complete the internship program are eligible for NYS funding to take an EMT course after completion of the internship. This is a great opportunity that allows someone interested in gaining certification as an EMT the ability to receive NYS funding to take the NYS EMT Course through any of the local NYS EMT Course Sponsors.

This program will be held over 3 separate sessions. **Attendance at all sessions is required for successful completion of the program.**

The dates and times of the program sessions are outlined below:

Tuesday July 14th 6pm – 930pm
